Community Leaders Series

AS WE SEE IT

**You're already part of solutions.
You just don't know who else is working on them.**

You've probably noticed it. An employee struggling quietly. A client who cannot keep a job. A student whose parent is not okay. Mental health is showing up in our workplaces and communities.

Join us at NAMI DuPage for a community conversation on mental health in the workplace. You're not the only one seeing it, and you do not have to figure it out alone.

TUESDAY, MAY 5 | 8:00-9:15AM

117 N COUNTY FARM DR, WHEATON
(Inside Linda A. Kurzawa Community Center)
